BKT ELEKTRONIK ®

Class D, E, E$_A$ System / cat. 5e, 6, 6$_A$, shielded

Product Information

Patch panel BKT 19'' 1U, modular, shielded, 24xkeystone, black, angled ports

Card No.: PI_11305115_02.18

Application

BKT patch panels make it easier to manage the network infrastructure and take care of their aesthetics. The 1U crossover panel has been specially designed to maximally pack in the cabinets the toolless BKT RJ45 keystone modules. Thanks to its construction, it finds application in Data Centers and server rooms. It has lead patch cables to the sides of 19" rack.

Features

- Modular patch panel 19'' with a height of 1U for mounting tool and tool free Keystone BKT modules
- Possibility of mounting up to 24 shielded and unshielded Keystone BKT modules
- Integrated cable organizer for holding cables using cable ties
- Metal construction ensuring galvanized connection with module shielding
- Grounding wire
- Black color RAL 9005
- Dimensions (H x W x D) – 43,6mm x 482,6mm x 92,3mm

Standards

- EN 50173-1
- EN 60297-3-100
- ISO/IEC 11801
- IEC 60297-3-100

- ANSI/TIA-568-C.2
- EIA-310-E
- RoHS 2011/65/EU

RoHS COMPLIANT

Product Information

Patch panel BKT 19'' 1U, modular, shielded, 24xkeystone, black, angled ports
Card No.: PI_11305115_02.18

Physical and mechanical properties

Support bar	SPCC, 1,5 mm thickness color black RAL9005
Rear Panel	SPCC, 1,5 mm thickness with zinc plated
Ground wire	18 AWG wire green yellow stripped color 40cm length
