## Product Information

Patch panel BKT 19'' 1U, modular, shielded, 48xkeystone, black

Card No.: PI_11305116_01.21

## Application

BKT patch panels make it easier to manage the network infrastructure and take care of their aesthetics. The 1U crossover panel has been specially designed to maximally pack the toolless BKT RJ45 keystone modules, allowing to increase the equipment of the ICT cabinets by 100%. Thanks to its construction, it finds application in Data Centers and server rooms. Thanks to the use of colorful description fields, they facilitate network management.

## Features

- Modular patch panel 19'' with a height of 1U for mounting tool and tool free Keystone BKT modules
- Possibility of mounting up to 24 shielded and unshielded Keystone BKT modules
- Replaceable paper labels available in 5 colors
- Integrated cable organizer for holding cables using cable ties
- Metal construction ensuring galvanized connection with module shielding
- Grounding wire
- Black color RAL 9005
- Dimensions (H x W x D) – 44,2mm x 482,6mm x 150mm

## Standards

- EN 50173-1
- EN 60297-3-100
- ISO/IEC 11801
- IEC 60297-3-100
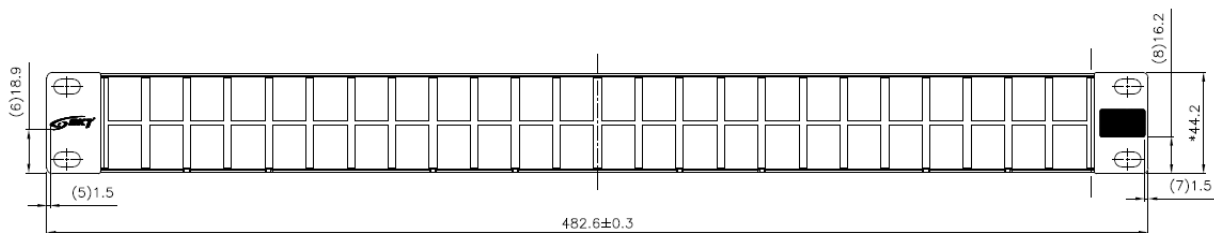

- ANSI/TIA-568-C.2
- EIA-310-E
- RoHS 2011/65/EU

RoHS COMPLIANT

## Product Information

Patch panel BKT 19'' 1U, modular, shielded, 48xkeystone, black

Card No.: PI_11305116_01.21

## Physical and mechanical properties

| | |
|---|---|
| Support bar | SPCC, 1,5 mm thickness color black RAL9005 |
| Rear Panel | SPCC, 1,5 mm thickness with zinc plated |
| Front plate | ABS UL 94-HB |
| Identification | ID plate: PC, UL-94-V2 |
| Ground wire | 18 AWG wire green yellow stripped color 40cm length |
