

Product Information

BKT temperature and humidity sensor

No. Card PI_1134CTH01_01.16

The BKT Temperature and Humidity Sensor allows for full monitoring of temperature and humidity in a room, server room or rack cabinet.

Features

Index No.	1134CTH01	
Description	BKT temperature/humidity sensor	
Cable length	2m	
Cable Termination - plug	RJ12	
Power Supply - DC	5V	
Working conditions	Temperature	0°C ÷ 55°C
	Humidity	10% ÷ 90%
Measurement range	Temperature	-40°C ÷ 95°C
	Humidity	0% ÷ 95%
Measurement accuracy	Temperature	0.1°C
	Humidity	0.1%
Measurement error	Temperature	0.5°C
	Humidity	5%
Response time [ms]	Temperature	400
	Humidity	400
Additional	Power consumption: 1.0W	
Installation	Holes in the housing for screwing or attaching.	

Standards

- EN 61326-1:2006
- EN 61000-3-2:2006
- EN 61000-3-3:2008

Warranty

Standard warranty is 2 years.
